

TECHNICAL DATA

Painters Prep

Description

Trade Strip Painters' Prep is a professional-strength, eco-friendly surface preparation product designed to clean and ready surfaces for painting and refinishing. Its water-based formula is solvent-free, non-toxic, and requires no mixing, making it a safer alternative for both DIY enthusiasts and professionals.

Key Features:

- **Multi-Purpose Cleaner:** Effectively removes wax, grease, oil, dirt, stains, adhesive residues, paint splashes, and nicotine stains from various substrates.
- **Eco-Friendly Formula:** Free from VOCs, acids, alkalis, and hazardous solvents, ensuring safety for users and the environment.
- **Ease of Use:** Ready-to-use with no mixing required; simply spray onto the surface or a cloth, allow a short dwell time, and wipe clean with a damp cloth.
- **Indoor and Outdoor Application:** Suitable for use on painted drywall and other hard surfaces without the need for ventilation.
- **Safe on Most Substrates:** Its pH-neutral composition allows for safe application on a variety of materials.

THE TRADE STRIP® RANGE

Application Instructions:

1. **Preparation:** Ensure the surface is free from loose debris.
2. **Application:** Spray Painters' Prep onto the surface or a clean cloth.
3. **Dwell Time:** Allow the product to sit for a short period. It's recommended to test a small area first to determine the appropriate dwell time.
4. **Cleaning:** Wipe the surface clean with a damp cloth.
5. **Drying:** Allow the surface to dry completely before painting or refinishing.

Health and Safety:

- Not classified as hazardous to human health or the environment.
- **Precautions:**
 - Use only as directed.
 - Keep out of reach of children and pets.
 - Wash hands after use.
 - Do not mix with other products.
 -
- **First Aid Measures:**
 - **Eye Contact:** Rinse immediately with plenty of water.
 - **Skin Contact:** Wash off with soap and water. Protective gloves are recommended for prolonged use or when removing toxic coatings.

Storage:

- Store in a cool, dry place above freezing temperatures.

Packaging:

- Available in 750ml trigger spray bottles and 4-litre jerry cans.
